MAYOR

**Together. Ready. Proven.**

**Jacques Roy has a proven record of tackling  
the big challenges facing Alexandria.**

**Election Day is Tuesday, November 8th  
Early Voting available October 25th - November 1st**

“Alexandria is our home. I’m running for Mayor again because I know together we can do better to protect the home we love and make it the city it can be for every citizen to live in a safe, clean place with opportunity to prosper.”

- Jacques Roy

Jacques Roy is ready on DAY ONE, and together with you, we have a proven record of what it takes to get our City back on the right track. Together, we have done it before and under his leadership we can do it again.

**Under Jacques’ leadership as our mayor, we:**

- *Envisioned and completed* the Downtown Hotel Initiative and Community College Initiative — **proven** support of local downtown business, expansion of convention business, and commitment to grow our workforce to compete for future economic opportunity.
- *Envisioned and shepherded* massive city-wide development through the award-winning, largest-in-City-history SPARC infrastructure program— **proven** understanding of infrastructure readiness; largest parks and signage rebuild; commitment to basic services; and overhaul of our public utilities, with the fastest-start, efficient natural gas technology protecting us from volatile energy market forces. We are in dire need of Jacques’ leadership RIGHT NOW to fix our utility! Utility issues are out of control!
- Along with SPARC, *added* the SAFEALEX, AlexConnects, Diversity in Action, and other accountability programs using unprecedented community input — **proven** commitment to a safe, secure City properly resourced for success — **proven** leadership on how *together to create smart, financially sound, shared* opportunity and transparent government, with recognition as a best practice innovator — **proven** commitment to do what’s right for us ahead of what’s best for politics.
- *Created* the top award-winning *Fête* festival series and recreation programs — **proven** commitments to innovative recreation and a beautiful, smart built environment.

**For real economic and other opportunity, Jacques knows we have to fix the problems with basic services that have been neglected, make our streets safe and inviting, and waste zero time with on-the-job training. We need to change direction right now!**

- Make our city safer and reduce crime
- Reduce the cost of public utilities
- Clean up our streets
- Expand economic opportunities

“It’s time to re-imagine what our City can be for everyone. There’s a lot to do — Let’s get started.”

- Jacques Roy
